**RESPONSE TO OFFICE ACTION**

SIR:

In response to the Office Action mailed on December 2, 2003, the following remarks are respectfully submitted.

**Remarks**

Claims 1-20 are pending in the application, and all stand rejected. Favorable reconsideration is respectfully requested.

Claims 1-20 were rejected under 35 USC 112, first paragraph, as failing to comply with the enablement requirement. Specifically, the Office Action notes the limitation "determining based on a latency dependency of the data" in independent claims 1, 3, 7, 9, 13, 15 and 19, and alleges that it is not described in the specification. This view appears to be based on an interpretation, as indicated in the last sentence of item 1, third paragraph of the Office Action, wherein "of the data" necessarily means "in the data."
